

# MIGHTY LUBE®

Systematic Lubrication, Inc.

## TECHNICAL DATA SHEET

### *Type Fortichain Lubricant*

Mighty Lube Fortichain Chain and Conveyor Lubricant is a high-performance, NSF H1-registered chain and conveyor lubricant designed for use in food and beverage processing environments where incidental food contact may occur.

Formulated with sustainable, biodegradable base fluids, Mighty Lube Fortichain Chain and Conveyor Lubricant provides reliable rust and corrosion protection, superior metal wetting properties, and clean operation, making it ideal for use in applications exposed to wash-downs, water and steam.

NSF-H1 registered for incidental food contact Mighty Lube Fortichain Chain and Conveyor Lubricant helps extend equipment life, reduce unscheduled maintenance, and support environmentally responsible operations.

### PRODUCT BENEFITS

- **Rust and Corrosion Protection** – Forms a durable barrier to protect metal surfaces from moisture, corrosive agents, and oxidation, even in high-humidity or wash-down environments.
- **Metal Wetting Characteristics** – Excellent penetrating action and the ability to form a consistent fluid film, improving adhesion to metal surfaces and reducing friction and wear
- **Sustainable Base Fluids** – Contains renewable, biodegradable base fluids, to help achieve sustainability goals without sacrificing performance.

### TYPICAL SPECIFICATIONS

Viscosity @ 40°C, cSt	24.72
Viscosity @ 100°C, cSt	5.26
Viscosity Index	152
Flash Point, °F (°C)	387.5 (197.5)
Specific Gravity	.8745
Four Ball Wear, mm	.39
